

Dear Company BROT & SPIELE,

This is the house that you gave a priciose gift for them by Austrain Water Project and donate by your company BROT &SPIELE.

Dear BROT & SPIELE,

This is the well that they used before they got a new well from our project. when the raining season come this well was flood and a lot of rubish flow into this well, so they can't use. This well only 3 metre deep.

Dear COMPANY BROT & SPIELE,

This is the sign for this well .

Dear Compan BROT &SPIELE,

This family has only grand mother and one grand son because his parent went to work in Thailand 3 years ago and they never come home and never get any information from them, grand mother said they may died on the way to Thailand because they went to Thailand illegal. . Every day grandma try to plant crops to sell and her grand son when he came back from school he go to fishing for his food and he try to help his grand mother to plant crops to sell at market and to save some money to buy some thing for his school such as..... a books, pens, pencils or something he needs. Her son is a good grandson because after school he never go to anywhere beside come to his home to help his grandma.

After they got this well , both of them look very happy than we think especially grandson because he is the one that bring water for his old and illness grand mother to us every day. She has some kind of disease to make her hand get trembling and she can't take water from her old well by her own , now she is 79 year old before if she want to take the water she have to wait for her grand son come back from the school, but now she can pump this well by her self and she only sit down and pump the water and she said * it was really helpful for me to get the water now I can take the water much as much I want I couldn't believe in my eye to see a well standing in front of my house, I never expect before)

Dear Company BROT & SPIELE,

We are so happy and thank you so much for your gift. We got a big present from you, my grandson he was so young, but he has a hard work and responsible for almost everything in the house, but now I feel relieve because I could help him to pump water to use and to have a bath for myself. we are not difficult any more even in rainy season we have our own well, thank you very much.

Dear Company BROT & SPIELE,

Thank you for your well and water filter. I'm old and sick every day, I don't know how long I can live, but even though I'm happy to see a well standing in front of my house. I'm not worry about my son to ask water from other house to use when I'm die.

We wish you from our heart to have a good health, get successful for every work, have more prosperity and meet a good person in your lifetime. Please let God protect all of you to live happily and long lives.

Thank you for your donation
